My
Sister
B'nai B'rith Girls,

How many pins do you have?
Where do your pins come from?
What do your pins mean to you?

Abraham was told that his children would be as
many as the stars in the sky. We are here today as a
product of this vision. But the vision is not complete. The
Jewish future still needs attending to and that is why I am here:
so that one day our pins will be just as many.

But, how? How do we work towards brilliant success in our future?

Well, this year, let us build upon all we already have and expand
farther into communities new and old around the globe.

71 years we have not only survived but thrived. We are here to stay
and we will pave the way. So, let us do just that. Together we can do
anything. We can and we will make change. We will ensure our own
Jewish future, our children's Jewish future, and so on.

Let us spread our strength and passion this year and
create a long lasting future for all of us.

Respectfully submitted with undying
love for all of you and the future
we can have together,
I Remain,

Stephanie Lil Margolis
Aspiring to be
your 72nd
International
