## Goals for the Upcoming Year

This past year, a common theme recognizable amongst the region was momentum, and forward motion. This coming year is expected to even better our region in every important aspect; communication, publicity, and membership. By doing so, we can vastly increase our notoriety amongst ourselves, and amongst the international order.

### Communications

- Create a bi-monthly e-mail to update members on current regional board projects
- Create a facebook group for all executive board members
- Require constant chapter board updates
- Constantly attend chapter programs for each chapter
- Ensure chapter business is communicated to the chapter
- Communicate with all my available assets and use them to better the region as best as possible

### Publicity

- Increase frequency of stand up events with large corporations and companies
- Advertise for BBYO wherever appropriate using fliers, booths, or current members
- Create a bi-monthly e-mail to update members on current regional board projects
- Create an award given by each respectful regional board member to their respectful chapter counter parts

### Chapters

- Increase the number of chapters across the region
- Increase inter chapter relationships through inter chapter programming
- Implement new chapters to the confines of our designated region zone
- Create a stand up and fundraising campaign
- Implement a mandatory annual AIT night

In conclusion, I believe I am the best candidate for regional godol. I will continue to act and make decisions that are best for our region and its growth. An important goal of mine will be to create a stand up and fundraising campaign, allowing us to contribute to the cause of our choice. It is necessary to more extensively educate the members on who we are as a people, and what our organization stands for. Finally, the number of brotherhood and bonding programs this coming year will greatly increase, strengthening the relationships between our brother alephs. I am excited at this opportunity, and look forward to working with each and every one of you.

***Fraternally submitted with undying love for LOR, AZA, BBYO, and my Brother Alephs. I remain Brother Aleph***
