PASSIONATE INSPIRATION ♥

Jeni Nicole Willenzik is PROUD to declare as a CANDIDATE for your Sixty-Fifth International S'ganit

"The future belongs to those who believe in the beauty of their dreams."

Jennifer Nicole Willenzik

Proud Candidate for your Sixty-Fifth International S'ganit

I remain,

Inspire a BBG, and find passion within yourself.
With undying love for the potential of programming to INSPIRE PASSION within each and every B'nai B'rith Girl in the International Order,

BUT, this cannot be done alone.
This is the year that programming on every level will strive higher and reach farther beyond what was ever expected. This is the year that programming will soar past all standards and animate the compelling pride of B'nai B'rith Girls across the world.

What is YOUR passion? What INSPIRES that passion?
Programming is the catalyst that inspires us to be passionate about BBG, our communities, and the world. Programming CAN AND SHOULD change the way we think, expand our views, bond us together, and push to accomplish ANYTHING.

My Sister B'nai B'rith Girls,

Inspire (v): To influence, animate, stimulate, or impel
Passion (n): A powerful, compelling feeling or desire

We are the International Order of the B'nai B'rith Girls.
STRENGTH and DIGNITY are our clothing.

INSIGHT into Prosperity

Impression Individuality

International Convention 2010 and I-Awards

***Program-specific Steering:** In addition to the Steering Committee, more leaders will be given the opportunity to become **involved at IC** by leading rotation groups, electives, and additional individual programs.

***Spirit Days:** Increase participation in spirit days by rewarding participating regions through recognition and small prizes on a daily basis throughout the convention

*Create a large-scale International Convention **Community-Service project** to give back to the host region community through hands-on service and activity

***Interactive programming:** Overall, the programs executed at IC will focus less on lecturing/listening and more on active participation of all attendees

*I will coordinate a spectacular and meaningful **International States** ceremony for the 65th International N'siah!

*Create **promotional videos** for International Awards, explaining the different awards, their importance, and how to apply. These videos will encourage all BBGs to apply for awards, especially those not attending IC

Independence

MBA, WOW, Chairs, Simultaneous Programs

*Continue the **Mind Body Attitude Chair** to develop the MBA Initiative throughout the order, enhancing program quality and spreading awareness of MBA

*Evaluate the possibility of innovating and continuing this year's MBA initiatives such as the **MBA Blast** (programming contest) and **MBA Monthly** (newsletter sent to all BBGs) with the new MBA Chair

*Create a **WOW Programming Chair** to assist chapters, cities, and regions from across the order with developing large-scale programs that impact the community, make a difference in the world, increase membership, and involve more Jewish teens

*Assist other members of I-Board in developing and promoting the **International Simultaneous Program weekends** throughout the year such as JServe, BBG Shabbat, International Membership Weekend, and more!

Regional and Chapter Programming

***Counterpart Connections:** Groups of 2-4 S'ganit from regions with similar programming structures; I will work with each group to solve problems by brainstorming ideas, using teamwork, and sharing personal experiences

***Motivation Monthlies:** Mini-contests each month for chapters and cities around the world to create programs based on an International theme! (ex. Six-Fold September, Outreach October, March Money Madness, MBA in May)

***Program-of-the-Month Award:** I will work with my AZA counterpart to return this award to the International Order as an incentive for incredible programming!

***S'ganit Stories:** Releases sent by me on the first Monday of EVERY month to all Regional, Chapter, and Council S'ganit! These releases will move forward from basic knowledge and lists of ideas by striving to be informative and inspirational to all interested in programming

***Chapter Challenge:** An initiative to develop more dynamic, unique, and creative chapter programming within our order; this challenge encourages chapters to enhance their programming through tips, goal-setting, competition, and connection to the International Order

*Finally, I will stay committed to helping counterparts with **specific needs** as they arise throughout the year!

Innovations

Program Bank and Dashboard

*Maintain the high standards of the International Program Bank by accepting programs of the utmost quality

*Encourage Regional S'ganit to contact Convention Coordinators and members of Steering Committees after conventions to ensure submission of **Regional programs**

*Push for EVERY chapter in the International order to submit their programs by keeping track of and contacting **chapters** that have not submitted programs

*Create an **up-to-date, consistent Dashboard page** by adding International initiatives, *S'ganit Stories*, releases from around the order, applications, chair resources, International Convention information, and more **as soon as the respective information is available!**

⚡ Inspire. ♥ Passion. ⚡ Inspire. ♥ Passion.
