MY SISTER B'NAI BRITH GIRLS,

It has only been since the end of last year of being a BBG. Within this very short period of time, BBYO and Zera has become very important to me. Each and every aspect of our chapter has shaped who I am becoming. I want to help to be the future of Zera. I want to be the Serena to your Blair. Informing you all on everything and making you excited to go to events is a dream. Keeping up with social media and constantly posting is my specialty. I am grateful for everything about this chapter and what it can become.

You know I love you

~~XOXO,
gossip girl~~
